## DIVERSE WOMEN IN LAW

Diverse Women in Law (DWL) seeks to empower Diverse Women by providing meaningful structural enablers, such as mentoring, networking, and awareness-raising initiatives, that proactively enlists industry stakeholder engagement. Our initiatives promote the empowerment of Diverse Women lawyers in partnership with industry stakeholders.

# OUR MISSION

DWL aims to change the narrative, by:

- empowering Diverse Women through mentoring, networking and awareness-raising initiatives
- creating positive and long-lasting change within the legal profession; and
- engaging with stakeholders to raise awareness of the untapped diverse talent that exists in the legal profession.

DWL is driven by its volunteers, sponsors and stakeholders to support diverse women through all stages of their studies and legal careers. Since its inception in 2019, DWL has grown at a rapid pace. In 2023, DWL engaged over 600 members based nationally and saw an increase in corporate members from 71 to 134 members. DWL looks forward to this year's partnerships with commercial law firms and industry stakeholders to deliver its initiatives. There is currently no other organisation in NSW with the sole focus of raising the profile of Diverse Women at all stages of their legal careers.
